NutraMatic ™

Your AI-Personalized Nutrient Provider

Helo®

Begin Your Journey to Optimal Health with Precision Nutrition

Just complete these 3 steps:

1. Use and scan a BioStrip™ weekly

2. Follow your NutraLife AI™ app's instructions

3. Monitor and enjoy your improvements … it couldn't be simpler

What is NutraLife AI?

A breakthrough, easy-to-use platform that enables you to change your life by transforming your wellness

No guesswork, no trial and error, no complicated instructions

Easy-to-follow, AI-generated, personalized recommendations based on your body's data

AI at Work for You

We are building an Artificial Intelligence engine that will analyze your BioStrip test in real time and provide you with personalized feedback

Connect your wearable so our AI engine can analyze even more of your data!

Why Should You Test Regularly?

It helps our AI understand you better so that it can provide personal recommendations, **specifically for you**

AI reviews changes in your data, interprets your progress, and updates your recommendations to aid continual improvement

Transform your life. Take control of your wellness with specific guidance from NutraLife AI, your personalized wellness mentor

What's on Our Roadmap to Your Nutramatic?
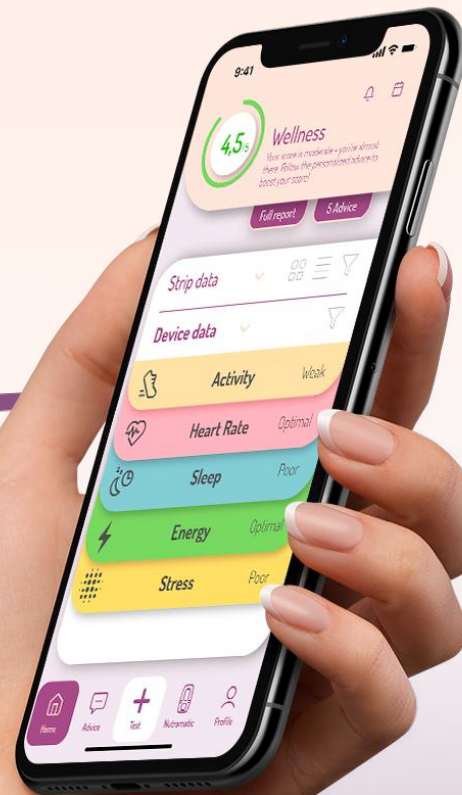

Roadmap: Continuous AI Wellness Feedback Upgrades

As you help train our AI and knowledge domain engine, we plan to release ongoing upgrades, constantly refining your health experience with personalized, cutting-edge wellness insights.

Roadmap: Wearable Device Integration

Data Capture Phase

Selected elements of existing wearable data used to fast track the development

Roadmap: Wearable Device Integration

Data Integration

Phase I — **Specific** wearable parameters from volunteers integrated into the NutraLife AI Program

Phase II — **Additional** volunteer wearable data will be integrated

Roadmap: Adding New Biomarkers

Multiple biomarkers will be assessed by our AI engine

Selected biomarkers that have a meaningful impact on your wellness will be included in your NutraLife AI app and integrated into the Program

Estimated Time to Deliver This Ground-Breaking Technology

We anticipate that our NutraLife AI will be fully trained and operational within a six-month timeframe

Estimated Time to Deliver This Ground-Breaking Technology

Once trained, we expect our AI engine will understand you and will be able to provide

Your continuously updated, personalized wellness advice

Specific instructions to your NutraMatic to deliver, in **real-time,** your combination of supplements **optimized** to match your body's needs for that **precise point in time**!

NutraMatic™

What you need. When you need it.

NutraMatic™

What you need. When you need it.

NutraMatic™
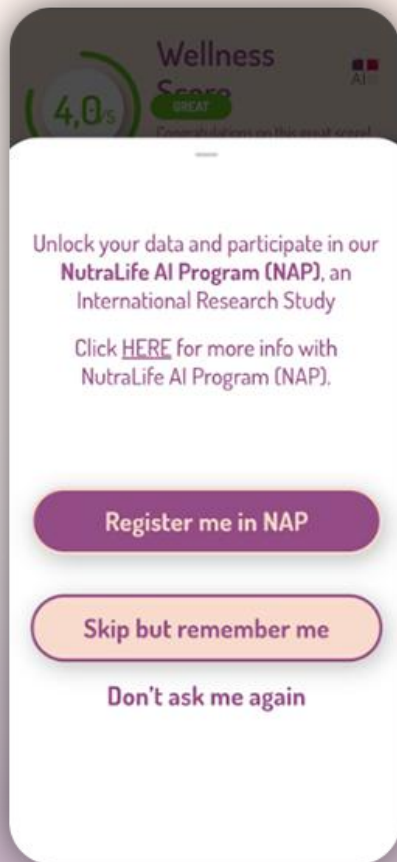

What you need. When you need it.

Be a Future Maker

It is time for you to step up and make a better future for you and the people you care about. It is time for you to benefit from this ground-breaking technology and to transform people's lives

We need volunteers — we need **Future Makers!**

It's simple: Just opt-in and contribute your data

All event attendees have a guaranteed place in the NutraLife AI Program (NAP)
