# Data NFT
# A Digital Asset

Blockchain innovation empowering you with privacy, ownership, and rewards.

# How Data Mining Works

Bind your device to a Data NFT and keep it powered on while it's on your wrist.

Daily, the calculated VSC mining value will be credited to you.

Exchange or withdraw your earnings through an approved centralized or decentralized trading platform.

# Data NFT Stake

## Data NFT Mining

### Own, control and receive rewards for your anonymous wearable device data

Data NFT Stake is a new series of NFTs that enables VSC compatible wearable devices to perform Data Mining

## How to start from the Base level
*(max 2 data blocks/day)*

**01** Mint a Data NFT Stake in the App for a fee of $35 and $15 VSC in Stake

**02** Data mining capacity canbe upgraded at 4 different Levels

Levels become active by staking a specific amount of $VSC directly into the Data NFT Stake smart contract

**03** Bind it to your compatible wearable device

**04** Receive rewards from data mining in the wallet
